15) Clause 5 (b) of schedule IV, part I of the Bloemfontein Corporation Act 1949 contemplates the cost or hire of vehicles for the Commissioner in the present case, hire is out of question, as the vehicle is owned by the Corporation. The question is whether the maintenance charges could be brought within the meaning of cost" In its ordinary or normal meaning, cost means only the price or the initial outlay and does not include the maintenance charges (Ref minutes to Chambers

providing the commissioner of the Corporation with a suitable car

116 / Law

Secretary of the Law Department) though, it may be possible to get over the difficulty by having recourse to other provisions of the Act, it may not be legally correct to include maintenance charges under the heading of "Cost" prescribed in the said clause 5 (b) of Schedule IV.

(6) The salary & allowances granted to a M' Com' under Sec 13 cannot include carriage hire or travelling expenses. This appears to be clear from the definition of 'salary' in Sec 3(36). Carriage hire and travelling expenses may therefore be paid to the M' Com' over and above, when added to his salary & allowances, the total exceeds Rs 1400/-

(7) How the financial rules in Schedule IV contain provision enabling a Corporation to purchase or hire a vehicle for the use of the Commissioner? If the Corporation can legally hire a vehicle, place at the disposal of the Commissioner for use, it appears that the necessary expenses connected with the use can be met out of the Funds. Corporation. Funds. It is implied to suggest that if a decision to purchase a vehicle is taken the approval of the Govt. Govt. In stead, the Corp" can legally arrange the

In my opinion "Cost or hire" in Rule 5(b) of
Schedule IV cannot be read as excluding
maintenance charges -

18) I agree with the above views of the Law Secy
The Comm^r of the Corporation is not being paid
any allowance for the maintenance of the Vehicle
placed at her disposal but the Corporation has to
be authorised to incur an expenditure not
exceeding Rs 300/- towards the maintenance of
the Vehicle as is done in the case of the Mayor in
accordance with the resolution of the Corporation
Whether the amount is reasonable or not need not
perhaps be examined in View of the orders already
passed in the case of the Mayor

Providing the Govt of Corporation with a Suitable Vehicle

---

41) Submitted with the available reference and the reference to paras 16 to 37 - Sri George Matthan was, as Commissioner of the City of Bangalore Corporation, permitted to draw his grade pay of Rs 1200 pm and an allowance of Rs 200/- pm aggregating to Rs 1400/- pm (vide Govt Lr 5-503/CR 49-49-16 dt 8/12/49) the question of providing him with a vehicle being under consideration. H Junaid Hussain Sahib who succeeded Sri George Matthan, was also permitted to draw his grade pay of Rs 1200/- pm plus an allowance of Rs 200/- pm subject to the condition that the total emoluments should not exceed Rs 1400/- pm agreeably to the provision in the Corporation Act Sri N S Hiranmayya, the present Comr of Corporation whose pay and allowance are similar to those of his predecessor, is, it is understood, provided with a car, its cost and maintenance charges being debited to the Corporation Funds under rule 5(b) of Schedule IV - Financial Rules — Page 165 of the Corporation Act 'V' 'J'

42) In para 16 the Law Secretary has noted that the salary and allowance granted to the Comr of Corporation cannot include carriage hire or travelling allowance and that the latter concessions may be allowed to the Comr even if the total emoluments exceed Rs 1400/- It is submitted that Sec 13, (page 9) of the Corporation Act lays down that the Comr shall be paid out of the Municipal Fund such salary and allowances not exceeding Rs 1400/- pm in the aggregate etc under Sec 3(36) Page 5 of the Act salary means pay and fixed pay and includes certain specific categories

of allowances but not allowances for house rent Carriage hire or travelling expenses however The term "allowances" under Sec 13 appears to have been used in contradistinction with "salary" to denote that it includes all other allowances than the allowances that enter into salary Therefore salary alone does not include house rent carriage hire or travelling expenses But the term "allowances cannot be said to exclude these items

(43) As the Corporation Act has ~~contributive~~ prescribed a limit upto which the Govt can be remunerated both by way of Salary and allowances Vide B 1400), and as the term "allowances" excludes Carriage hire, travelling expenses or C A, any additional concession or perquisite in the shape of providing a car to the Govt at the expense of the Corporation in lieu of C A to the Govt or granting a C A to the ex-Commissioners of Corporation who has not the benefit of Car may be open to objections - moral and legal

(44) The corporation has provided the Govt with a car in lieu of Conveyance allowance Its cost and the maintenance charges are no doubt authorised items of expenditure of the Corporation under Financial Rules in Schedule IV But the expenditure on this account would amount to an allowance included in the terms "salary and" allowance to be paid to the Commissioner

WD 016016—GPB—2 000—24 11 51

Providing the Comr of Corporation with a suitable Vehicle

as explained in para 42
under Sec 13(1) which are not to exceed Rs 1400/- in the aggregate In this view perhaps, the Controller, state accounts dept has objected to the Corporation incurring an expenditure of Rs 300/- towards the maintenance charges of the car placed at the disposal of the Comr and also to the payment of a C A of Rs 200/- each to the 2 Comrs for the period they ~~held the charge~~ served the Corporation

45) If the Proposal of the Corporation is accepted the Comr of Corporation will be entitled to the concessions enumerated at para 23 of the notes

6-7-1952

46) Refer para 28

7-3-52

47) Under Sec 13 of the All corporation Act, 1949, the comr shall be paid such ~~allowances~~ salary & allowances not exceeding Rs 1400/- pm in the aggregate as may be fixed by the Govt from time to time According to sec 3 (36) salary does not include allowances for house-rent, carriage hire or travelling expenses Rule 5 of Financial Rules - Schedule IV relating to the objects of expenditure incidental to the administration includes cost or hire of Vehicles for the comr

48) The comr will be required to do a good lot of travelling within the corporation

area for which he gets no travelling allowance if is not provided with a Car by the Corporation and its maintenance is not debited to the funds of the Corporation, the pocket of the Comr is likely to be touched to a great extent and such a thing should be avoided especially in the case of an officer like the Comr who has got heavy responsibilities with wide jurisdiction It is therefore necessary that he should be provided with a Car

49) But the payment of maintenance charges upto to Rs 300/- pm including pay & allowances of the denver appears to be too much. It may perhaps be restricted to Rs 200/- pm and anything over & above this should be met by the Comr himself

A

50) The case of Sri N S Hanumayya, the present Comr a little peculiar one His immediate Junior Sri G N Nagaraja Rao is eligible as a DG of Police and is eligible to get a salary of Rs 11400/- pm The former being Senior to the latter should get a Salary of Rs 11400/- pm This is maximum that is admissible under Sec 13 of the Corporation Act and it is same as what he would have got in another capacity. Taking into consideration the arduous & responsible nature of the duties of the Comr Sri Hanumayya deserves to be

pays the maintenance charges/also upto a sum of Rs 200/- pm the excess being met by him

This would of course have to be continued but a retrospective increase on account of a new policy decision will be resented as

SIR,

Subject - Providing the Commissioner of the Corporation with a suitable vehicle

I invite kind reference to your letter No L 5503/C M 49-49-16 dated 8th December 1949 While appointing Sri George Matthan as Municipal Commissioner, on a salary of Rs 1,200/- per month with an allowance of Rs 200/- also, the Government have suggested that the Corporation would consider the question of providing him with a suitable vehicle in accordance with the provision of Clause 5 of Part I, Schedule IV of the Corporation Act 1949 Accordingly, steps were taken to make the necessary provision in the budget for 1950-51 for purchase of a car and cost of maintaining it and also negotiate with the leading firms of Bangalore to secure a decent saloon The car could not be placed at the disposal of the Commissiorer earlier than the 1st August 1950 In the circumstances, the Corporation thought that an allowance should be paid to the Commissioner till the time the car was made available to him So at their meeting held on the 16th November 1950, they resolved that a conveyance allowance of Rs 200/- per month be paid to Sri George Matthan from 8th December 1949 to 23rd February 1950 and similarly to Janab Mir Safdar Hussain from 24th February 1950 to 31st July 1950- vide copy of the resolution enclosed I request that the Government may be pleased to approve the resolution of the Corporation

2 With regard to the purchase of the car and cost of

maintaining it, although it is within the powers of the Corporation, and the Government have also given a direction in this behalf, the Auditor is insisting on the sanction of the Government as this is an important matter- vide copy of his letter dated 22nd November 1950 enclosed In the circumstances, I request that the Government may be pleased to approve the resolution of the Corporation dated the 6th November 1950 and the 8th March 1951, approving the purchase of the car and sanctioning Rs 300/- per month as maintenance charges including the pay and the allowances of the Driver respectively- vide copy of the resolutions enclosed

consider the question of providing the Commissioner with a suitable vehicle in accordance with the Provisions of Clause 5 (b) of Part I, Schedule IV of the Corporation Act of 1949, I have the honour to state that the Standing Committee for Taxation and Finance, have approved of the proposal to provide the Commissioner with a suitable vehicle and that they have approved of the Office Note dated 26-5-1950 in which the estimate of a decent new car has been put at Rs 18,000/- and that the average expenditure per month for its maintenance viz , cost of petrol, oil, lubrication and servicing including the pay and allowance of Driver has been put at Rs 500/- or Rs 6,000/- per annum The Commissioner has since been provided with a New Studebaker Champion Car at a cost of Rs 16,473-2-0

2 It is nowhere laid down in the Corporation Act that the maintenance charges of the car as also the meeting of the cost of its propulsion (i e , cost of petrol and oil) and salary of the Driver should be met out of the Corporation funds Sanction of Government to incur such charges out of the Corporation Funds prescribing the monthly limit up to which each item of expenditure may be incurred is necessary and the same may kindly be obtained and communicated at an early date

3 I may also add that although Government have directed that the Corporation may consider the question of providing a vehicle for the Commissioner's use, the Standing Committee alone has considered the question and approved of the proposal as this is an important matter and as per directions of Government the question needed consideration by the Corporation and sanction of Government is necessary for providing a Car to the Commissioner
